

Privacy Notice (Summary Version)

Prison In-Reach Sexual Health Clinics

Privacy and Confidentiality Statement

Your Sexual Health Record:

- Your confidentiality is important to us.
- We will keep your information on our computer system, which is completely separate from your other health records.
- Only Sexual Health staff will have access to your information and test results.
- Sometimes we will need to share your information to make sure you get the care you need. We will ask you when we do that.
- Sometimes we may have to share information to protect you or others from harm. We will tell you when we do that.

Your Appointment:

- The Prison Healthcare team will know when you have been to see us, because your appointment is booked on their computer system.
- We will make a note about whether you attended or not on their system. We will use their system to share any important information about your care so that you can get the treatment you need. We will tell you when we do this.
- If the prison GP has asked us to see you, we will give them information about the care we have provided. That will be recorded in your prison healthcare record.

Your Medication

- If you need medicine to treat sexually transmissible infections, it will come from the prison pharmacy.
- This means that the prison healthcare team will know what you have been given.
- Medicine for HIV treatment will be provided by Lloyds Pharmacy if you are in HMP Winchester or Healthnet if you are in HMP Isle of Wight.

IF YOU HAVE ANY QUERIES, PLEASE CONTACT
