

## FOI\_1710\_2024-25 – FOI Request concerning Gender Questions on the Registration Forms

Please could you provide copies of:

- 1. Patient in-take registration forms used by Let's Talk About It, including the questions your service asks about gender/ gender identity/ assigned gender (or sex) at birth.**

Please see screenshot below showing gender identity options:

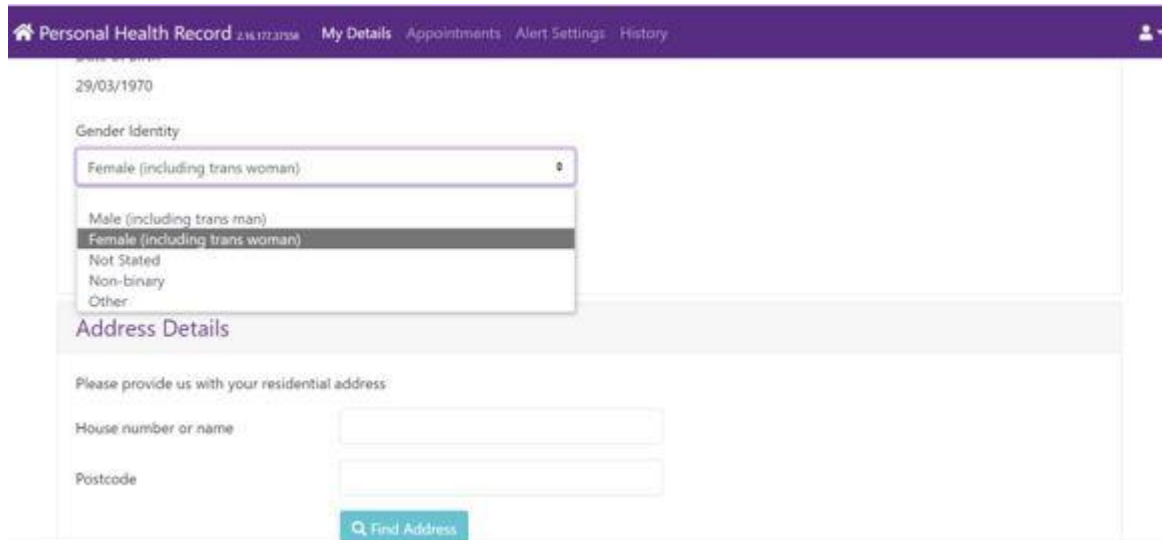

The screenshot shows a registration form with the following fields and options:

- Gender at Birth: \* Male
- Gender Identity: \* Male (including trans man)
- Country of Birth: \* Female (including trans woman)
- Ethnicity: \* Male (including trans man)
- Nationality: Non-binary, Not Known, Not Stated
- GP Details: Other

Other fields visible include Mobile: [0], Email: [ ], and Other Identifie.

- 2. A list of the gender/ sex marker options on electronic patient records (if used by Let's Talk About It)**

Please see screenshot below:

The screenshot shows a patient's Personal Health Record (PHR) interface. The top navigation bar includes "Personal Health Record 236,172,2758", "My Details", "Appointments", "Alert Settings", and "History". The main content area shows the patient's date of birth as 29/03/1970. Under the "Gender Identity" section, a dropdown menu is open, displaying the following options:

- Female (including trans woman)
- Male (including trans man)
- Female (including trans woman)
- Not Stated
- Non-binary
- Other

Below the gender identity section is the "Address Details" section, which includes a prompt "Please provide us with your residential address" and input fields for "House number or name" and "Postcode". A "Find Address" button is located at the bottom of the address section.
